INTERNATIONAL OTELSAN®

Otelsan Buklet Malzemeleri Otel Ekipmanları ve Mimarlık Hizmetleri A.Ş.

About Us

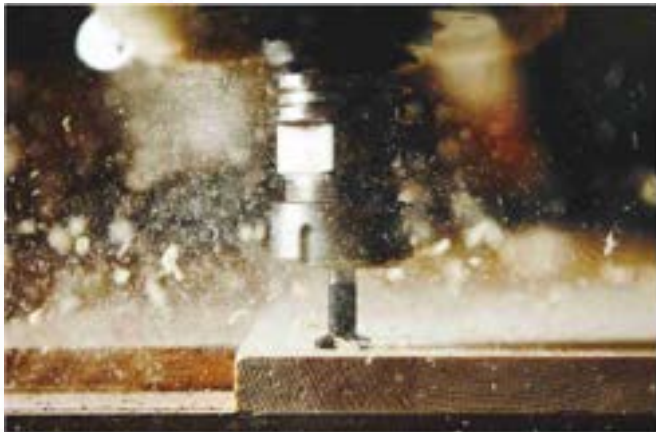

Founded in 2000, Otelsan is a leading provider of hotel equipment and professional industrial solutions, combining quality, durability, and functionality. With strong expertise in the hospitality sector, we deliver turnkey hotel projects—from concept to installation—through efficient, safe, and fully coordinated processes. Exporting to over 80 countries, Otelsan is a trusted partner both locally and globally.

Vision

To become a globally preferred brand in hotel equipment and turnkey projects through innovation, sustainability, and customer-focused solutions.

Mission

To enhance operational efficiency and functionality by delivering fully integrated, high-standard solutions, while building long-term, reliable partnerships worldwide.

HOW DO WE OPERATE?

At Otelsan, we provide practical and efficient solutions tailored to the needs of the service industry, ensuring timely delivery and maximum convenience. Our foldable and nestable designs allow easy storage and long-term usability, making them highly preferred.

We prioritize durability, aesthetics, and user-friendly design in all our processes. By closely following international standards and industry developments, we deliver high-quality and innovative solutions to our customers.

In addition to our wide product range, we offer project-based design and implementation services, creating elegant and functional spaces. Through our sales and after-sales support, we establish long-term and reliable partnerships.

We also assist our customers in determining the exact quantities needed during purchasing processes, helping to avoid unnecessary costs.

WHAT DO WE OFFER?

Our product categories include:

- Housekeeping Equipment
- Front Office Equipment
- Banquet & Meeting Equipment
- Restaurant Equipment

OTELSAN GLOBAL

With over 25 years of experience in the manufacturing and hotel equipment industry, we are proud to have reached a point where we export our products to **more than 80 countries** worldwide.

WHY OTELSAN?

Industry Expertise

- Over 25 years of experience in the sector and project development
- Strong ability to understand and respond to customer needs

Partnership Approach

- Focus on building long-term and sustainable partnerships

Quality Standards

- Durability and functionality are prioritized in all designs
- Ensuring long-term and reliable use of all products

Wide Product Range

- More than 2,000 HoReCa product solutions

Warranty

- All products are covered by a 2-year warranty against manufacturing defects

Superior Customer Service

- Fast and effective response to inquiries
- Professional and timely resolution of any issues

CHAMBERMAID'S TROLLEYS

PREMIUM SERIE

AESTHETICS DYNAMIC

Otelsan Premium Series chambermaid trolleys feature a robust and modular construction combined with an elegant and aesthetic design. Equipped with an all-round bumper profile, they effectively protect corridor walls and surfaces from potential damage during operation.

The centrally positioned fifth wheel ensures excellent maneuverability, allowing the trolley to move smoothly and rotate 360° around its own axis for maximum control in tight spaces. Height-adjustable shelves provide convenient storage for items such as towels, bed linens, and pillowcases, ensuring efficient organization during housekeeping operations.

Specially designed wheels offer superior mobility and smooth performance, even on carpeted flooring. Developed with Otelsan quality standards, the Premium Series delivers durability, functionality, and ease of use for professional hospitality environments.

MEETING TABLES

FUNCTIONAL MODULAR

Otelsan meeting tables are designed to adapt seamlessly to various meeting room layouts, offering practical and efficient setup thanks to their folding leg system. The specially engineered locking mechanism ensures that meeting arrangements can be prepared quickly, safely, and effortlessly.

In addition to their functional structure, these tables enhance interior aesthetics with a wide range of leg and tabletop color options, providing a modern and elegant appearance. Manufactured with Otelsan quality, these meeting tables are an ideal solution for professional environments where fast and efficient room setup is essential.

POWER CONNECTIVE TABLES

INNOVATIVE CONNECTIVITY

Otelsan tables equipped with an integrated socket system provide the necessary power supply for laptops, tablets, and other devices during meetings. Electrical energy can be distributed from a single connection point and transferred seamlessly between tables, helping to eliminate cable clutter on the floor and maintain a clean, organized meeting environment.

Thanks to additional modular components, multiple meeting setups can be arranged quickly and efficiently by a single user. The foldable tabletop and specially designed nesting structure optimize storage efficiency, saving valuable space in warehouses and storage areas.

Featuring a wheeled construction, Otelsan folding tables with socket systems ensure easy installation, effortless transportation, and practical storage, making them an ideal solution for dynamic and flexible meeting spaces.

BANQUET TABLES

STRONG PRACTICAL

Otelsan banquet tables are designed for quick, safe, and efficient setup in events such as weddings and large-scale gatherings. The special double-lock mechanism ensures maximum stability during use while allowing the tables to be easily folded and stored when not needed.

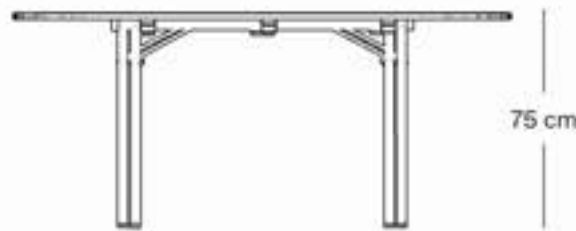

Built with an industrial-grade leg system, these tables are engineered for long-term durability and reliable performance over many years of use. The optionally available aluminum edge provides enhanced protection for the tabletop, ensuring resistance against impacts and wear.

Integrated protective rubber components within the leg system prevent scratches and damage to stacked table surfaces, maintaining product quality during storage and transport. Every detail of the design has been carefully considered to support long-lasting, trouble-free use, and the entire leg system is backed by a 5-year warranty, reflecting Otelsan's commitment to quality and reliability.

FAST AND SAFE INSTALLATION

Otelsan folding stage systems are designed for use as reliable stage platforms at weddings, concerts, and various events. Engineered with high load-bearing capacity, they are strong enough to safely support orchestras, musical instruments, and professional stage equipment.

One of the key features that distinguishes this system is its ability to be installed quickly and safely by a single person, significantly improving setup efficiency. The integrated stage connector mechanism securely links individual podium units, allowing the creation of large, stable stage surfaces that remain firmly connected throughout the event.

With its durable structure and practical design, the Otelsan folding stage system offers a flexible, safe, and professional staging solution for dynamic event environments.

BUFFET STATIONS

TREND SERIE

MOBILE AESTHETICS

Otelsan buffet units are designed for hotel breakfast, lunch, and dinner services, offering custom sizes and designs that match your interior decoration.

Equipped with advanced heating and cooling systems, they ensure food is served in compliance with HACCP standards. Optional sneeze guards provide enhanced hygiene and protection for guests.

Thanks to concealed wheels, the units can be easily moved by a single person, allowing convenient floor cleaning and flexible layout changes within the hall. Integrated cabinets and drawers offer practical storage for tableware and service equipment.
